Index of Subjects

Amblyomma sparsum, rearing of, in the laboratory, 173
Ancylostoma caninum, prenatal infection of puppies by, 4P
Anoplocephala perfoliata, studies on, 467
anthelmintics for the removal of gastro-intestinal nematodes of sheep, evaluation of—an improved controlled test, 545
Aporocotyle spinosicanalis, parasitic in the hake, 16P
Archigetes, biology of, 12P
Argas persicus, digestion in, 423
Aspiculuris tetraptera, structure of the female reproductive system and formation of the egg-shell, 699, 3P
Azygia stunkardi sp.nov., description and diagrams of, 53

Caryophyllaeidae, evolution of neotenous development in, 12P
cattle, gastro-intestinal nematodes of, biology of the free-living stages, 2P
, Paramphistomidae parasitic in, in Tanganyika, 201
cestodes, of Australian elasmobranch fishes, 737
, six new species of, parasitic in birds in India, 177
Coccidia, parasitic in the wild red, and grey kangaroo, 105
Crepidostomum metoecus, occurrence and distribution in the British Isles, 13P
Cyathocotyle bushiensis, biology of, 16P
Cymothoidae (Isopoda), parasitic on fishes from South India, 211
Cytamoeba bacterifera, cytological and cytochemical studies of, 121

Dasymetra conferta, egg, miracidium and brood mass of, 295
Dictyocaulus viviparus, in the guinea-pig, effects of methotrexate on, 3P
Dicyema aegira (Mesozoan), gametogenesis and fertilization of, 597

Echinococcus, biology of the hydatid cysts of, 1P
, genetics and speciation of, 493
Echinococcus granulosus, observations on the scolex of, with special reference to the occurrence and cytochemistry of secretory cells in the rostellum of, 515
, and *E. multilocularis*, natural and experimental hosts of, 493
Echinoparyphium sp., phosphatase systems in the hepatopancreas cells of its molluscan host and in its rediae and cercariae, 73
eelworm, narcissus stem and bulb, resistance of, to hot water treatment, 9P
Eimeria arloingi, isolation of viable sporozoites of, 87
Encephalitozoon, taxonomic position of the genus, 749
Entamoeba invadens, nuclear division of, 95
Entobdella diadema, parasitic on the skin of sting rays, spermatophores and taxonomy of, 337
E. soleae, attachment of, to the skin of the common sole, 327, 11P

Fasciola gigantica, influence of temperature on the succession of the redial and cercarial generations of, 59
Fasciolasis, prospect of inducing immunity to, by means of X-irradiated metacercariae, 369
fishes, diplomastigine flagellates of, 753
, elasmobranch, of Australia, cestodes of, 737
, *Raja*, on the helminths of, 5P
Flagellata, diplomastigine, parasitic in the intestine of fishes, 753

Gastrothylax crumenifer, lipid fractions of, 81
Glugea anomala, infection of, in three-spined stickleback, 10P
Gorgoderina vitelliloba, development of, in the bladder of the frog, 14P
Gymnophallidae, review of the family, 1

Haematoloechus, new spp. of, parasites of *Rana occipitalis*, 345
Haemogregarina boyli, oxygen consumption of, in the presence of glucose, and cytochemical localization of enzymes of, 117
Haplorchinae, revision of, 601
Heterodera schachtii, monoxenic culture of, on sugar beet roots, 289
Homoptera, effects of *Pipunculus semifumosus* on, 763
Hymenolepis diminuta, amino acid exchange between it and its environment, 5P
, host-parasite relations of the cysticercoid of, 7P

Isospora, parasitic in the greenfinch, schizogony of, 9P

Kangaroos, coccidia parasitic in, 105
, nematodes parasitic in, 237
, red, in Australia, protozoa and nematoda parasitic in, 677

Leishmania mexicana, natural transmission of, among laboratory hamsters, 9P
Lernaeopodidae, phylogeny of, 5P
Lobochona insularum sp.nov., parasitic on a gribble from Hawaii, 125

malaria of rodents, effect of steroids on acquired immunity to, 10P
mammals, small, helminths of, 145

Nematodes, film of the movements of, 9P
, gastro-intestinal, of cattle, biology of the non-parasitic stages of, 2P
, harvesting infective larvae emerging from their insect hosts, simple apparatus for, 551
, oxyuroid, female, distribution of lipids and glycogen in, 555
, parasitic in cattle in Fiji, 273
, parasitic in plants, biological races of, 8P
, parasitic on plants and animals, comparative study of the movement of, 313
, strongylid and oxyurid parasitic in kangaroos (*Macropus* spp.), 237
Nematodirus battus, stimulus to the exsheathing of the third stage larvae of, 2P
N. spathiger, dynamics of the population of, parasitic in sheep, 527
Neoaplectana, undescribed sp. of, taxonomy of, parasitic in the larva of the codling moth *Carpocapsa pomonella*, 233
Nippostrongylus brasiliensis, reproduction of, 4P
, biochemistry of the third-stage larvae, 4P
Notocotylus attenuatus, life cycle of, 14P
Notopterophorus ionthas sp.nov., 397

parasitology, teaching of and research in, 8 mm. film as an aid to, 7P
Paramphistomidae, parasitic in the stomach of cattle in Tanganyika, 201
Paramphistomum sukumum sp.nov., parasitic in cattle in Tanganyika, 201
Parvatrema homoeotecnum sp.nov., life cycle of, 1
Phyllodistomum srivastavai sp.nov., life history of, 43
Pipunculus semifumosus, parasitic in Homoptera, biology of, and effects of, on the host, 763
Plagiorchis laricola, critical remarks on, 391
P. megalorchis, parasitic in pheasant chicks, 391
Polymorphus minutus, envelope of, during its development in *Gammarus pulex*, 721
Protopolystoma xenopi, morphology and life cycle of, 441

Rotundula gammari, observations on, 195
Rutilus rutilus, mass mortality of, 155

Salmo trutta, helminth parasites of, in Wales, 263
Schistocephalus solidus, development and growth of the larvae of, 15P
, massive infection of the three-spined stickleback with, 10P
, respiratory studies on, 6P

Schistosoma edwardiense sp.nov., parasitic in *Hippopotamus amphibius*, 67
Spinitectus oviflagellis, (Nematoda), morphology of the hitherto undescribed male, 695

Taenia crassiceps, amino acid metabolism of the larvae of, 6P
Tetrabothrius erostris, parasitic in the intestine of *Larus argentatus argentatus*, maturation of the genitalia of, 453
Toxoplasma gondii, attempted transmission of, by mosquitoes, 10P
Trematoda, calcium, magnesium and phosphorus content of, 567
, Monogenea, chemistry and evolutionary significance of the attachment sclerites of, 12P
, Monogenea, body shapes of, 12P
trematodes, influence of the density of snails on the incidence of larvae of, 579
, of birds and mammals, molluscan hosts of, 571
, oogenesis in, 409
, strigeid, adhesive organ of, 16P
Triaenophorus nodulosus, occurrence of plerocercoids of, in *Perca fluviatilis*, 481
Trypanosoma lewisi, identification of the antigens of, 10P
T. mochli, parasitic in an African lizard, 451
Trypanosomes, 'brucei' group of, antigenic similarity of culture forms of, 593
trypanosomiasis, immune response of cattle to, 10P
, immunity to, immunization with dead trypanosomes, 585
Tylenchorhynchus macrurus and *T. icarus* sp.nov., taxonomy and biology of, 129

Xenopsylla cheopis, olfactory responses and host-specificity of, 225

Zumptiella coreaensis n.sp., parasitic in the nose of the Korean squirrel, *Sciurus vulgaris coreae*, 403
